Application to Change point of diversion and place of use of a portion
Permit No. 13879 (Certificate No. 5074)

Patricia Louise Riley and Gerial Boileau, an unmarried woman and man

Item Nos. 15 and 16: Detailed description of the project

The National Fish and Wildlife Foundation (NFWF) has purchased the Walker River decreed water rights, Walker River Irrigation District (WRID) storage water rights and the supplemental ground water rights appurtenant to the proposed place of use from The Turf Company. NFWF will be changing the point of diversion, place and manner of use of these acquired water rights to NFWF projects in the Walker River drainage. The Turf Company conveyed only water rights to NFWF and retained ownership of the land, appurtenant wells and irrigation facilities. The Turf Company has continued to irrigate under a two year lease agreement with NFWF; however, this water right lease agreement has expired. The Turf Company will continue to irrigate as a result of water right lease agreements with other parties. The applicant under this permanent application to change has entered into a water right lease agreement with The Turf Company for 87.50 acre feet per annum of primary ground water under Permit No. 13879. This permanent application to change proposes to transfer this 87.50 acre feet to The Turf Company parcels for continued irrigation.

As the owner of the Walker River decreed and WRID storage water rights, NFWF will not provide surface water sources to the proposed place of use under this permanent application; therefore, primary ground water is required to continue irrigating within the proposed place of use. The 87.50 acre feet of ground water will be utilized for primary "stand alone" purposes.

The period of use is proposed for a full year, January 1st through December 31st to prevent root desiccation and retain sufficient soil moisture to protect the viability of existing crops.

Temporary Permit No. 84537-T has been approved to move the 87.5 AF to the Turf Company farm for this year.

Re: Amended Application for Permission to Permit No. 85303
Permittee – Patricia Louise Riley and Gerial Boileau

Steve:

Enclosed please find an amended application to change for the above named applicant along with the supporting map as requested in your letter dated July 21, 2015. Please note that I have submitted an amended version of the Application No. 85303 to reflect the changes on Item No. 8 – the existing place of use. This change became necessary due to the surveying to produce the supporting map.

Enclosed is a check in the amount of \$100.00 for the return for correction fee.

Should you have questions, please contact my office.

Sincerely:

Ruth Smith for
Michael D. Buschelman.
